

If nuchal translucency (NT) ultrasound is not available during COVID-19 pandemic:
 Singletons: Offer second trimester Maternal Serum Screening (MSS)
 NIPT will temporarily be funded for twin pregnancies, and can be ordered by all physicians and nurse practitioners

OFFER OF PRENATAL SCREENING

***Eligibility criteria for OHIP funded NIPT**

- Advanced maternal age, defined as ≥ 40 years at EDD for singleton pregnancies
- Increased nuchal translucency ($\geq 3.5\text{mm}$)
- Previous pregnancy/child with aneuploidy (trisomy 21, trisomy 18 or trisomy 13)

Please refer to www.prenatalscreeningontario.ca for more details regarding eligibility criteria, including temporary changes implemented during the COVID-19 pandemic.

All prenatal screening and diagnostic tests are optional and the patient may decline testing at any point in this algorithm
